NAVAL TRAINING CENTER
SAN DIEGO, CALIFORNIA 92133

IN REPLY REFER TO:
5090 3889
010/
NOV 23 1992

Ms. Vickie Church
County of San Diego
Environmental Health Services
Hazardous Materials Management Division
P. O. Box 85261
San Diego, CA 92138-5261

Dear Ms. Church:

This letter is to provide you with updated unauthorized release reports for two underground storage tank (UTS) sites at the Naval Training Center (NTC) San Diego.

Release #T1542/H80021-004 is located at the Naval Exchange Gas Station, Building 344. Since our last quarterly report, we have completed field work for further site investigation (SI) which included a soil gas survey. The groundwater recovery operation has been temporarily shut down as very little product has been removed within the last few months. The draft report for the (SI) is expected to be complete within the next month. The final report will be forwarded to your agency for review.

Release #T1542/H80021-003 occurred at Building 227, Naval Training Center. As discussed in former update reports and discussions with yourself, further site assessment will be conducted. Site Assessment is programmed to continue in July 93. The next site assessment report will reflect your comments on the initial report.

For questions, please contact Ms. Martha Gandy, Environmental Engineer, at 524-1022.

Sincerely,

R. C. CITRANO
Lieutenant Commander, U.S. Navy
Staff Civil Engineer
By direction of
the Commander
